Why do we love roller rinks so much? That's where we got our start. Before moving into our over 60,000 square feet of combined warehouse space, we operated out of the Skate-A-Drome of Roanoke, VA. Unfortunately, that building burnt down in 1974. We now operate two separate locations that allow us to serve the nation.

We thank you so much for supporting your local roller rink or skate shop. Remember, they are the experts, and they are there to help you get the skates you want.
